Work for the Popular Actress.

The charm of Miss Mary Mannering's self is a strong contender for thomors in "A Man's World," as played at the Macdonough Theater last night. That same charm has a harder time of making itself felt in the present case than it did in "Glorion Betsy" and other things Miss Mannering has done. The star character of "A Man's World" is pretty much of a real woman and there is no better test of an actress' worth than a call to portray a person of that kind. Miss Mannerings succeeds and a good sized audience vigorously applauded her last night.

night.

"A Man's World" is another effort to impress on people who know it that there is a law for man and another for woman. There is interest in the play and it holds its hear-rs from curtain to curtain. The story sometimes approaches too near to sordidness, but never gets so far, and it told in a way entertaining enough togless over the unpleasantness.

Miss Mannering will be seen here again tonight.

ORPHEUM ROAD SHOW IS DRAWING SOME BIG AUDIENCES

BROTHERS RIGOLETTO, a feature of the Orpleum Road

The mecca of the crowds this week is the Oakland Orpheum, where the Road Show is holding forth to the delight of the multifudes. It is the biggest and finest road show Martin Beck has ever sent over the Orpheum circuit, and that seem against a good deal.

The sensational feature of the show is contributed by the Rigoletto Brothers.

These two young chaps are marvels of versatility. It is only once in a century that artists of their type are produced. They are illusionists, acrobats, jugglers, musicians and have other stunts which they perform with surpassing skill. Their feat of standing on a ladder, suspended in mid air, playing on musicial instruments all the time, their lives in danger each second, is a thrilling bit of work.

The beautiful La Pla is a marvelous dancer, with some extraordinary effects, which cutific her to the name of "The Enchantress." Her dance in which she appears as the "Spirit of the Wave," with the stage apparently a mass of foaming, tumbling billows, is so striking as to extraording as to extraord or and so striking as to extraord or and comedian, round out the show.

Allce Lloyd is to make her appearance at the Oakland Orpheum next Sunday.

FOUR WORDS COST OLD WOMAN \$4000

Standerous Charge, Hissed Into Secretary's Ear, Proves Dear in White Plains.

NEW YORK, Jan. 12. — Talk is said to be cheap, but not in White Plains, N. Y. Four words, alleged to have been hissed into the ear of Miss Corner Raymond, will cost Mrs. Naomi 'Dring, 70 years old, \$4000 by the verdict of a jury, In so ruling, the jury cut the price of talk in half, for at the previous trial Miss Raymond was awarded \$8000. Miss Raymond testified that she acted as secretary to the late husband of the defendant. A short time prior to the marriage, the bride-to-be met Miss Raymond on the street and made a remark, on which Miss Raymond sued for stander. When the jury heard the four words repeated, it immediately returned a verdict for the plaintiff.

Shall Oakland Theaters be Closed?

Some of the leading business men of Oakland have joined in movement to encourage attendance at the local theaters. The playhouses of this city give as good performances as can be seen anywhere, but a great many people cross the bay to witness plays the can see presented equally as well at home. The Oakland theaters represent home investment and home enterprise, and they deserve the patronage and encouragement of Oakland people Hence ever loyal citizen of Oakland should co-operate with the business men in their efforts to encourage dramatic enterprises in this city.

But while the business min are making efforts to encourage the local theater managers in their efforts to give the people of Oakland all the best and latest dramatic attractions, a movement has been mangurated to create a board of censorship that will further hamper and harass the local theaters. The municipal authorities are being importuned to create such a board composed of persons of narrow views who have conceived it to be their mission to reform the stage. Such a board would drive many of the traveling companies from Oakland, with the consequence that the people of this city would be compelled to seek in San Francisco the attractions denied them at home

This policy would inevitably reduce Oakland to the state of dependence, so far as dramatic entertainment is concerned, that she labored under ten years ago. Rather than submit to the heckling that it is proposed to subject them to here, managers of traveling troupes would cut this city off their bookings entirely. They would play only in San Francisco and advertise that they will not present their productions in Oakland We should see this significant and humiliating announcement glaring at us from every San Francisco paper "We do not play in Oikland"

Is that what the people of this city want? Do they want our home theaters closed up and the people on this side of the bay compelled to go to San Prancisco for their dramatic entertainment? When an effort was ma'e some years ago to keep the people of this city in subjection to the San rancisco theatrical managers THD TRIBUNE made a vigorous figit for local independence and woil it. In behalt of the the trical coterprises of Oakland we denounced every company that advertised, 'We do not play in Oakland' Since that time the best productions on the road have appeared in Oakland—all the current popular a tractions, at least

But a small class of small people, who do not usually attend theaters are shocked at the presentation in Oakland of productions that are presented in all the other cities of the United States, and have set themselves the task of torbidding anything in the dramati line coming here that does not thin with their narrow views. The want to censor every production that is offered the play-goers of Oakland They want a committee of their own number officiall appointed to harry thea iical n anagers and tell the people of this city what they shall be allowed to see

It is all very absurd of course, but the proposition has in it this seeds of serious mischief. It threatens not only the business of every theater in Oakland, but a grave injury to the bus ness of th city. It is a move to drive local theater-goers to San Francisco and have Oakland advertised throughout the country as a city shunned by dra natic companies It is a nove to send everybod, with a dollar to spend in pleasuring out of the city, to dry up the sources of popular amusement and destro the gatety and brightness of this city. It is a move that will inclitably make van the efforts of our business men to eacour ige dia ratic production in this city

If a narrow, intoler, nt spir t is permitted to censor and control all amusement activities in this city the effect will be disastrous in many ways. Oakland will cons antly be drained of money that will be spent in San Francisco to the detri nent of every branch of business here. Oaklane wil be pu under a theatrical ban, and her in habitaits driven abroad to see, dramatic entertainment. This of course will react on property values and the general welfare of the

United States. The coast of the Southern States would be thus exposed to a vasion from the Pacific side

We can inquire, in this connection, what Asiatic power has an aggressive foreign policy and a military and naval establishment formidable in character. There is only one and Admiral Yashiro is its representative, if not its spokesman. Why does he object to the United States fortifying the canal-because it closes that avenue to attack or invasion from the Pacific ocean? Pe haps. At any rate there is a natural inference in the suggestion

Japanese officials are forever speaking of amity and peace, but the Japanese government is continually strengthening its army and Ellery Protests Reconstruction be four at its navy Let her intentions be ever so peaceful, Japan is preparing for war on a tremendous scale-preparing for it at all points and in all ways, fortifying her coasts, building a great fle t, navy yards, arsenals and providing for the immediate equipping of a vast army Is this a reason why the United States should leave the Panama canal unfort fied, an open gateway for armed attack from the Pacific? Haidly-from our standpoint.

There's nothing new" said the 'ood

There's nothing new" said the food man turning from a tisk in the liboratory at the edge of shawberry creek I give my opinion 12 years ugo in an article on 'Food Value of California Expt in the blennial riport of the Armoultural Experiment station for the years 1817 98. There is no difference bott een the brown shelled and white shelled eggs as far is food value is concerned. I have been preaching this for the past 12 years.

NO REASON / T ALL.

'There is no reason thy white should eggs should bring a bett r price than the browns but we can't go up to Sacramento and ge' a law passed p obibiting a mer chant from charging mer for one thing than for another of a procedular similar air i

Now in Boston I unterstand that the consumers of the brow bean also prefer the brown shelled e.g. to the white-shelled. It is all a mat er of loke with the cogs and of custom with the people. If Petaluma had always shipped out also brown ears, and retained brown ears, and retained. If Petaluma had always shipped out nice brown eggs and not ng oles, brown eggs no ld be all the rige. They would be popular anyway if they were proplets selected by the dialor and even y traded as to size. In the stores type while find brown eggs of all sizes while the whites are of uniform sizes. There are commission men I blieve who pay about as much for brown eggs of oven the size as for white ones.

SIX WHIRLWIND CONTEST'S WILL **BE ON PROGRAM**

Fans Are Boxing Hungry and Promoters Look for a Big Gathering at Piedmont Rink Tomorrow Night

By EDDIE SMITH.

Tomerrow night the Cakland Wheel The friends of Kaufman will also unmen Club are slated to stage a series of six boxing contests, three of which will be of four rounds duration and three of ax rounds. Rain or shine, the bouts will be staged and the management feel confident that the house will be well plied, no matter how had the wather "This is one time that I am not worrying over the rain," said Matel maker Moffitt, last evening "As a general rule when I am staging a show in the winter wonths I worry over the rain with a feel that the industry of the fanh at home "The card offered for Frilay night is an exceptionally strong one, however,"

KAUFMAN'S ONLY CHANCE.

The eard offered for Fritaly light is the continuous strong one, he wever, and the fact that there has not been a boxing night held here in some little time should almost make it certain that the trans will turn out in big number even though it might be snowing. The card that with 20 rounds to go he might wear is an expensive one and a well-b lanced to black man out. Kaufman is confident. is an expensive one and a well-b lanced one and the fans should get a good run for their mone; from the first to the last bout."

The matchmaker is certainly confident that his labors will prove fruitful and that his card will appeal to the satrons of boxing when he talks in the above manner and there is little doubt but that he speaks the truth.

In the main event Jimmy Fittin will meet Antone LaGrave. In this but one man will be trying to prove his right to matches in the upper on of the light-weight division and the other will try to prove that he is far and away to good a boxer to be associated with the lower five of the game by beating be min who not long also received a draw cecision with Battling Nelson. Fitton has had 18 battles since first entering the ring and he has won 13 of them with clean knock-cuts.

Any toxer with a record of krickouts like that is not the man to be taken highly by any man of his weight and if I Chave does us he has promued its manager he will try from the lust to find the skip producer he will be taking some risk of being put down for the count. Lost Sunday about 200 of the List Oakland boxing enthusiasts vatched. I tion go through 12 rounds of boxing with three sparring partners and at the te mination of the bouts it was agreed that the red-headed scrapper his im-

In the special events Rav Boughman and George Edriwood and Charile begers and Willie Canole will need in ingers and Willie Canole will riect in six-iourd battles. These lads are so well and favorably known to the Cakland fans that it is unnecessary to comment in the article of faticular they are sure to put up. In the four-round bouts the fillowing mon will appear Jack Doug as we Carl Gorbatz Bob Best ve Eddie Hundes and Roy Schreeder us George Table.

ARCHITECTURAL CLUB IS HOST AT BIG GATHERING

Organization Was Recently Formed and Wood Chosen First President; F. C. Havens Made Honorary Member

About two months ago the Oakland Architectural ciub, which is composed of architects and draughtsmen, was organized with Hart Wood, employed with Bliss & Faville, San Francisco, as president. Handsomely furnished headquarters have been established at 222 San Pablo avenue. The club has a membership of fifty, and held its initial social gathering Monday night, at which an interesting program including music, was presented, and refreshments served.

Willis Polk, of San Francisco, formerly associated with D. H. Burnham & Co., of Chicago, was the principal speaker. Polk stands high in the architectural profession, and his remarks were devoted to the inception and adaptation of artistic ideals, which is one of the chief objects of the club.

At the Monday night meeting the club paid the high compliment to Frank C. Havens, president of the Peoples Water Company, of electing him as its first honorary member. He was unanimously elected to honorary in charge of Professor Howard.
